Playcrafters Stage Spring Comedy Sat.

"The Arrival of Kitty" Is Title of Dramatic Department Production

To win the girl he loves Dick Zehnder as Bobby Baxter, plays the role of an actress in the "Arrival of Kitty," the spring play of the Campus Playcrafters. The drama is a three-act comedy and farce. It has been said that there is a laugh in every line and it is recommended as a sure cure for the blues. The cast is as follows:

William Winkler.....Creighton Flynn
Bobby Baxter.....Dick Zehnder
Benjamin Moore.....Jack B. Evans
TingJim Schrengohst
Aunt Jane.....Charlotte Cook
JaneMelba Alleman
SuzetteEthelyn Llewellyn
KittyEloise Tuell
SamBill Beggs

The play which was written by Norman Lee Swartout, has had 10,000 performances over the country and has received very high praise from the nation's dramatic critics. The scene is laid in the Catskill Mountains and the action which takes place all in one day is fast and snappy.

Tickets are in the hands of members of the dramatic department and may be secured from them. Prices are 35 cents for outsiders and 25 cents for college students with student body tickets. No seats are reserved.

Excuse Seniors From Exams

Twelve Students With "B" Average Avoid Finals

Seniors having an average of "B" or 2.0 or better for three and one-half years of college work, he will not be required to take final examinations for his last semester according to Dean Raymond G. Drewry. This was decided by the administration committee at a meeting last week. However any student may be required by his instructor to take the final exam if he does not have an assured grade of "C."

"I believe that this will provide a stimulus for freshmen to give forth their best efforts to scholarship," says Dean Drewry. "Students who have done such work during four years will be of such caliber that it would not be necessary for them to take the exams." This is the first time anyone has been exempt from finals.

Twelve seniors have a "B" average or better according to the Dean. They are:

Wilbur H. Goss	2.75
Susan E. Miller	2.38
Frances Bjorkman	2.34
Mary E. Garnett	2.29
Margaret Nan Heinz	2.23
Frieda L. Schumacher	2.20
Harry E. Brown	2.12
Marion James	2.12
Dorothy F. Schonborn	2.06
Georgia L. Johnson	2.03
John W. Robinson	2.00
Hester L. Teevan	2.00

Tamanawas to Be Issued May 23

Those Paying Two Semester A. S.C.P.S. Dues to Receive Annual

Work on the Tamanawas, annual publication of the Associated Students of the College of Puget Sound, is completed, and the book will be issued next week. The probable date will be Monday the 23rd, according to Jack Slatter, head of the circulation department. The Trail office will be used for this purpose.

Only those students who have paid their student body fees for two semesters will be issued the Tamanawas, as the cost of publication is three dollars, and only half the cost is deducted each semester from the student body fees. For those students who have been in school only one semester, an extra dollar and a half will be charged for the Annual.

All art work on the Tamanawas has been done this year by Delmore Martin, freshman student of the art department. He will probably do the work next year also, as Jack Mattison, next year's editor of the Tamanawas, was very pleased after looking over Mr. Martin's work. This is the first time that a freshman has had the chance to do the entire art work for the Annual.

Another feature are the large football pictures. These are enlarged photos of the individual members of the squad, and also some group pictures.

The cover was done by Molloy Company, of Chicago, the printing and binding are being taken care of by Johnson-Cox Printing Company, and the Liberal Engraving Company has charge of the engraving on the Annual.

A. S. C. P. S. HEADS TO RECEIVE RINGS

That to each outgoing student body president a ring will be given was the decision reached by Central Board at the meeting last Monday. The style of ring will be left to the decision of the committee in charge consisting of Elsie Korpela, Edith Gustafson and Miss Jones.

Plans for an active Student Judiciary committee next year were made. This body acts as a supreme court and enforces traditions. Hitherto not much has been done along this line. Those appointed by Herman Mattson, president, and approved by the Board are: Seniors—Dick Link, William McCullough, Ethelyn Llewellyn and Melba Alleman; juniors—Charles Thomas, Anne Pomeroy, and William LeVeque; sophomores—Marjorie Campbell and Milton Woodard. Jack Evans was appointed pep manager.

Dr. Todd Talks On Objectives At Final Chapel

Organ Concert and Speakers Will Fill Remaining Programs

The theme of the speech to be given by President Edward H. Todd during the last chapel on May 27 will be "Objectives." This idea centers around an objective out beyond, and where and how soon one will reach this objective. It is traditional that the last chapel program be turned over to Dr. Todd. Special musical numbers will also be presented.

Next Monday W. G. Thompson will talk on "Walter Whitman's Psychology of Life." Mr. Thompson is from the Ethical Culture Society of New York. "Prohibition" is to be the subject of Dix Rowland, secretary of the Board of Trustees, in Wednesday's chapel. The music department will have charge of the program Friday.

May 25, Wednesday, Mr. Reynolds, organist of the First Methodist Church of Seattle, will give an organ concert. Mr. Reynolds is a member of the Society of American Organists and assisted in the dedication of the organ here in Jones Hall.

Trail Awarded National Honor

Logger Paper Receives Higher Grade Rating

For the second successive year, the Puget Sound Trail has been awarded the First Class Honor Rating for universities and colleges belonging to the National Scholastic Press Association.

This year's score is higher than that of last year, the Trail being awarded 765 points out of a possible 1000. Papers for several weeks are used in the tabulation and this year's scoring was made on issues published under the editorship of Donald H. Cooper, for the first semester. Puget Sound secured the second highest possible rating in this year's award, the highest distinction attainable is that of All-American Honor Rating.

Following are the grades recorded in the association score book, for the various departments of the Trail: news values and sources, 205 points, maximum 250; news writing and editing 220, maximum 300; editorials and entertaining matter, 160, maximum 200; headlines, typography and make-up, 180 out of a possible 250 points.

Special mention was given on display of advertisements and their attractiveness. Miss Marjorie Johnson, advertising manager of the Trail is to be complimented on the efficient way she has handled this department for the year. Her record has been one of outstanding achievement.

NEW CATALOGUE READY

The college catalogue will be given out to students during chapel next week, according to Christian Miller, registrar. The day of distribution is not known as yet. Each student is to receive one copy only, and all are expected to save their copies for use next fall.

The scheduled course of study will be ready before school is out in June, so that it will be possible for students to plan their programs before vacation.

Funds Needed For Tracksteers

Loggers Uncertain of Going to Conference Meet

For the first time in Puget Sound track history, the Loggers are not sure of sending a team to compete in the conference meet at Walla Walla, May 30.

This uncertainty has been caused by lack of funds and the athletic department of the college is starting a subscription drive early next week. O. F. Hite, general manager, announced that every business man will be approached in order to raise the necessary funds, with \$150 being set as the minimum amount. College students and faculty members will be expected to donate whatever they can.

"Considering the track record made so far this year, it is a shame not to have our college represented at the conference meet," stated Mr. Hite. "We would like to take 14 men, but we can not if this drive is not a success." Last year the

Loggers finished a close second in the race for conference honors, and this year's team is every bit as strong if not stronger than that of last year. The cinder stars meet the University of Washington Freshmen a week from tomorrow and this dual meet will be the last before the Walla Walla tournament.

Former Student Buys Magazine

Robert M. Hayden, former College of Puget Sound student, is now the co-owner of an Arizona magazine, the "Progressive Arizona." This magazine is published in Tucson and was founded in 1926. It is pictorial, carries news of Arizona and surrounding states and prints several fiction stories. Mr. Hayden's first issue will be the June number which will be on the newsstands the latter part of May.

Mr. Hayden attended Puget Sound during the years of 1927 and 1928 and was affiliated with the Sigma Mu Chi fraternity.

Librarian Visits Eastern Colleges

Warren Perry, College of Puget Sound librarian, will leave June 1 for an extended tour of the eastern colleges. The purpose of the trip is to do extended work toward his master's degree at the University of Illinois and Harvard University.

BOARD SANCTIONS MANAGERS' PLAN OF ASSURED FEES

Department Heads Take Action After Failing to Draw Money to Pay Current Bills

Managers of student activities are sure of having enough money on which to operate next fall as the result of the Charles Wright Finance and Apportionment Plan, which was unanimously passed at the last Central Board meeting with the new members sitting in.

Action was taken after the various managers had unsuccessfully attempted to withdraw money from the student body fund with which to pay their debts, although they were still within their budget. The managers held several meetings and after drawing up their plan, named Mr. Wright spokesman, who presented the proposal in person. By Mr. Wright's plan, each department will conduct its business separately instead of pooling the available funds set aside from the student body fees. In addition to this, each manager will keep his own cash book and the profits or deficits will be carried over by that department. This will eliminate the risk of other activities gaining possession of ready funds and forcing departments to start the next semester without the assurance of being able to meet current bills. Under the new plan, activities will

be given a certain percentage of fees according to their needs and importance to the college. The present deficit of approximately \$2500 will be paid out of the total amount of general student body fees before the apportionments are made next fall.

In order to take care of general business not contracted by any one department, a general fund will be established. This general fund will probably have a surplus which will be used to make loans to activities unable to stay within their budget. All loans will be taken out of that department's apportionment for the following semester, thus assuring all loans being paid in full. This year's spring football expenses will be taken out of next fall's athletic apportionment. The same system will prevail on piano payments of the Music Conservatory.

Tamanawas will receive \$1.50 per person for the fall semester before any apportionments are made. During the second semester Tamanawas will receive \$1.50 a head and the all-college banquet will be given

C. P. S. TO HAVE SCHOOL FILMS

Mr. John S. McMillin of Rocke Harbor, who has been taking pictures of the college and college life returned to C. P. S. Wednesday evening to show the faculty the results of films of students filing from Jones Hall. He took more films Thursday in and around Howarth Hall. These will be added to those taken during the Howarth Hall dedication celebration. When his review of the college is complete he intends to make a present to the college of a set of films taken from the original.

Mr. McMillan, who is the only living founder of the old Puget Sound University, received his L. D. degree at the ceremony of Founders and Patrons day, celebrated February 19.

CAMPUS GROUPS CHOOSE OFFICERS

At the Wednesday meetings, three campus groups chose new officers for the ensuing semester. The electing organizations are Alpha Beta Upsilon sorority, Delta Kappa Phi fraternity and Delta Pi Omicron fraternity.

Edith Gustafson was elected president of Alpha Beta Upsilon sorority Wednesday. Other new officers are: vice president, Irene Heath; secretary, Lorain Arthur; treasurer, Sarah Tierney; inter-sorority council representative, Mary Jane Wilkinson; sergeant at arms, Reba Hall; historian, Edith Coffman and corresponding secretary, Harriet McGill. After the election, plans were discussed for the annual senior luncheon, which is to be held next Wednesday at the home of Aetna Timmerman. Refreshments were served later in the evening.

Delta Kappa Phi fraternity selected Eugene Piety, president, at a meeting Wednesday evening at the fraternity house, and Arthur Crippen was chosen vice-president. Other men to serve with the new executive are Paul Kohler, Lloyd Searing, Royal Coons, Delwin Jones and William Sherman.

Election of new officers was held at the Delta Pi Omicron fraternity meeting last Wednesday night. Formal installation will be held next Wednesday. Pat Steele, sophomore, was elected president of the group to serve all of next year, replacing C. Wallace Niesen. Other officers are: vice president, Karl Andrišek; recording secretary, Robert Eccles; treasurer, Howard Hubbell; chaplain, Harold Buis; guard, Carl McConnell; historian, Howard Clifford; inter-fraternity council representatives, Howard Hubbell and Jack Kimball.

GUILD PRESENTS SIEGFRIED SEQUEL

This week's Cinema Guild picture brings a continuation of the famous saga of the Neibelungens, a part of which was portrayed in the beautiful and impressive German film "Siegfried," shown a few weeks ago.

"Kriemhilde's Revenge" is the motion picture which carries the story on from the time of the death of Siegfried.

May 21 the Cinema Guild will show "The Waltz by Strauss," one of the latest German importations. May 28 will be a British talking film and on June 4 the Italian opera "Pagliacci." The student tickets may be obtained after this week from Miss Jones of the drama department.

SENIORS ARE HONORED AT LUNCHEON

The traditional "Violet Luncheon" of Kappa Sigma Theta sorority was held at the home of Betty Brumbaugh, Wednesday afternoon. This annual affair is in honor of the graduating members of the organization. Those honored were Marjorie Gardner, Jennie Teevan, Hester Teevan, Elizabeth Miller, Thelma Gander and Lucille Murbach. Beautiful bouquets of violets, with lavender and green tapers, the sorority colors, decorated the rooms and tables. The symbolic meaning of the "Theta Violet" was given in speeches by a member from each class. Speakers were Thelma Gander, Elsie Korpela, Edna Creswell and Katherine Mann. Mrs. Lyle Ford Drushel, a Theta alumna, spoke about the first violet luncheon, which was given in her honor.

SPORTS PROGRAM DRAWS TO FINISH

**Baseball and Track Soon
To Be Completed; High
Lights of Past Year Are
Chosen**

By Ray Campbell

Baseball and track schedules are soon to be completed and then Father Time will ring down the curtain on another act of Logger sports. Looking back on the past year of C. P. S. athletics, the outstanding scenes may be recalled. Let us look at them.

Roy E. Sandberg ends his initial start with local sports—be it considered successful or otherwise. Though conference standings in major sports show "Sandy's teams" in the cellar positions, he is credited with bringing outside athletes into the college sport program.

Greatest strides in the program of sports (as outlined by those in charge) were those made in the intramural department under the

leadership of Mr. Lou Grant. It would be hard to credit Mr. Grant too much for his intensive work in this field. Through his patient endeavors, trophies have been gained for all sports sponsored by his department. That intramural sports are by far the most popular on the Logger campus is shown by the greater following and support they received.

Track, coached jointly by O. F. Hite and Raymond S. Seward, has had a most successful year to date. Logger hopes of a conference championship in this division of the calendar are bright indeed.

Minor sports were discontinued this year in the Northwest Conference, so local appropriations for tennis and golf were voted down. This act caused criticism to be directed toward those in charge at the local college, but misunderstanding of the real cause of the actions taken was the main reason of dissent.

Considering the universal lack of funds, the College of Puget Sound can be said to have made progress in her athletic program.

SCORES WANTED

Louis Grant, intramural sports director, requests that captains of the winning golf and tennis teams turn in the scores of the games played. The complete scores with the names of the players must be turned in immediately after the games are played.

Friday—Delta Kappa Phi vs. Sigma Zeta Epsilon.

Monday—Delta Pi Omicron vs. Peter Pugets.

Tuesday—Alpha Chi Nu vs. Sigma Mu Chi.

With the intramural playground baseball schedule drawing to a close the Sigma Zeta Epsilon fraternity has advanced into first place by defeating the Delta Pi Omicron outfit. The Omicrons and Delta Kappa Phi are now in second position.

In the games played in the past week the Sigma Zeta Epsilons downed the Delta Pi Omicrons 13 to 3 in last Friday's game. Monday the Zetas again won, this time defeating the Peter Pugets 17 to 3. On Tuesday the Delta Kappa Phi outfit overwhelmed the Sigma Mu Chi team by the score of 26 to 6.

The Peter Puget lost a close game to the Alpha Chi Nu fraternity by the score of 7 to 5 in Wednesday's game. Thursday the Omicrons outscored the Mu Chi group by a 14 to 5 count.

Loggers Defeat Bellingham Team

Logger track and field men scored their fourth consecutive victory of the season Saturday afternoon on the home oval, winning an easy 86 to 44 verdict over the Bellingham Normal forces. C. P. S. won almost every event and triumphed in a manner that upset all predictions on the outcome of the meet, most of which were to the effect that the Lumberjacks would finish on the short end of the score.

Roy Carlson's activities in the field, where he won three first places to annex 15 points and high scoring honors for the day, were especially noteworthy.

MAROON AND WHITE BASEBALL SQUAD COMPLETES MOST DISASTROUS SEASON

Willamette Bearcats Down Logger Diamond Pastimers in Two-Game Series to Place College of Puget Sound in Cellar Position of Northwest Conference

By Arthur Linn

As a result of the steady hurling of Andy Peterson the Willamette Bearcats downed Coach Sandberg's nine in both games of the two-game series and remained leaders of the Northwest Conference. The Loggers lost 7 to 3 in Tuesday's fray and 6 to 5 in Wednesday's game at the Athletic Park.

Peter Pugets Lead Scoring

With the first day of intramural track meet over the preliminary runs are complete and finals in the high jump have been run off. The Peter Pugets lead the point standing with 8. Other group standings are Alpha Chi Nu 6, Sigma Zeta Epsilon, 5½ and Delta Pi Omicron 2½.

In the high jump, standings are: Coplan (XN), first; Jablonski (O), and Guilford (Z), tied for second; Turner (P. P.), fourth. Height 5 feet 5 inches.

Shot put finals are Turner (P. P.), first; Slatter (Z), second; Holland (P. P.), third; Gibson (XN), fourth. Distance 44 feet ¼ inches.

The second game of the series was a thriller! With one man out Jimmy Ennis on third with the tying run and the winning run on second, the squeeze play was called for. Sterling popped up to Peterson, who doubled Ennis off third for an easy out.

Peterson was put on the mound in place of Erickson in the ninth, and came through by retiring the side. The tussle was marred by 12 errors. Pettibone granted 12 free passes, but steadied down at the crucial moments.

The Loggers ended their conference competition by losing all four games. They will conclude their season by playing Bellingham Normal at Bellingham tomorrow and the North Pacific Dental College here on Monday.

REMINISCING

This week's Trail marks the end of journalistic activities for the second semester. Looking back, there have been some worthwhile projects completed during this year. Puget Sound enters into a new era of learning with the completion of the endowment. College standing has been furthered by the records of the debate squad, the Adelphian Society and Dramatics, whose work has been of the highest quality. The presentation of the new organ is looked upon as a step towards higher culture and appreciation.

Student activities freed themselves from a handicap when Central Board passed on the plan to guarantee departmental funds and prohibit needless expense. More interest and a sense of security will be instilled by this new plan, and the outlook is bright for next year with the acceptance of the percentage apportionments.

Accept Manager's Plan (Continued From Page One)

\$1.00 per person. Percentages will remain constant, but the amount each activity will receive depends on the number of students in school each year.

This new plan goes into effect upon the opening of college next fall. The approximate \$8000 student body fee fund will be divided in the following manner:

Women's athletics	6%
Dramatics	7½%
Debate	7½%
General Business	7½%
Music	9%
Trail	12½%
Men's athletics	50%

"ELECTRIC BULLETS"

THE result of exhaustive wind-tunnel tests of conventional trolley car models revealed that at speeds of 70 and 80 miles per hour, 70 per cent of the total power was consumed in overcoming air resistance. Streamlining saves approximately 20 per cent of the power.

When the Philadelphia and Western Railway Company decided to replace its cars with faster and more efficient equipment, it chose "electric bullets"—new streamlined cars—each powered by 4 G-E 100-hp. motors. The cars, constructed of aluminum alloy, with tapered noses and tails, are much lighter in weight and capable of greater operating efficiency.

In developing transportation apparatus, college-trained General Electric engineers have conducted extensive tests to improve operating conditions. On land, on sea, and in the air, to-day's equipment is safer, swifter, more dependable, and more comfortable.
